Stolen Gun Is Death Weapon

NEW YORK — (AP) — A blurred picture emerged today of the Central Park sniper as a nervous, secretive man with a quick temper who apparently stole a gun from a friend and used it to kill one person and wound three others in a wild shooting spree Wednesday.

Police said Thursday that the .45-caliber Smith and Wesson 1917 Army-type revolver which the sniper used before he was shot down by police belonged to Kiril Dimitroff of Jackson, N.J. Dimitroff, like the sniper, Angelo Angeloff, was from Bulgaria. He told police Angeloff had visited him about 10 days ago, but said he was not aware the revolver was missing until investigators told him.

The New Jersey man said, however, that he was not really friendly with Angeloff, but with the latter's roommate, a man identified by police sources as Kyril Dikov, about 45. Dikov was in St. John's Hospital in Queens, where he was being treated for hand injuries suffered in an industrial accident.

Dikov reportedly met Angeloff at Rova Farms in Freehold, N.J., where the latter was a dishwasher. The dishwasher job was one of the earliest Angeloff held after his arrival in this country, on a Greek passport, in 1966. More recently he worked for a Queens book and magazine distributor, earning about \$70 a

Firebombs Hit In Minneapolis

MINNEAPOLIS, Minn. (AP) — Three firebombings were reported and scores of windows were broken by more than 100 youths—most of them Negroes—on the Minneapolis South Side Thursday night.

The trouble started about 10:30 p.m. after a Fourth of July fireworks display at a city park. One hour after the initial outbreak, police set up a command post near the trouble area.

The firebombing occurred as the crowd split in two directions, tying up traffic for several blocks.

Glass littered the streets in the areas as some of the youths in the crowd swung boards at the headlights and windows of the cars.

Windows in a number of houses in the area were broken. A spokesman at General Hospital said 13 persons were treated for minor injuries.

The trouble came about 24 hours after demonstrators clashed with police and with a crowd gathered to hear former Alabama Gov. George C. Wallace in downtown Minneapolis Wednesday night.

Hart Urges War, Death Penalty Violence Study

FARMINGTON TOWNSHIP — (AP)—Sen. Philip Hart, D-Mich. Thursday suggested that President Johnson's commission to study violence should look into war and capital punishment along with other forms of violence.

Hart said: "We get body counts from Vietnam every night of the week, every once in a while the state executes somebody who's guilty of a

crime. That's violence. Why do we have to do those things? That also should be a part of this fight."

The senior senator from Michigan made his comments in an interview following an Independence Day speech in the Detroit suburb of Farmington Township.

Hart is a member of the president's commission on the Study of Violence, which was established in the wake of Sen. Robert F. Kennedy's assassination last month.

He said he doesn't anticipate the commission will give a solid answer to the problem of violence, but added, "I hope it will advance us some."

"We're going to have to try and understand ourselves as people just a little better," Hart said, "Why is it that we reach for a gun instead of turning the other cheek, for example."

He added, "I suppose history is full of efforts to understand this."

The senator predicted Congress will pass strong gun control legislation before the summer is over.

Hart said passage of a measure that would stop the mail order sale of rifles would give the public a false sense of security, "because any local nut can go into any hardware or department store he wants and buy a rifle."

Banning mail order sales of rifles, he said, would only "inconvenience" people. "What we need, and what I hope we get," Hart said, "is a licensing, or at least a registration feature, that would identify the people who do get these weapons."

Hart said the commission on violence will hold its first substantive meeting Tuesday. Dr. Milton Eisenhower is chairman

Son Of Escanaba Chief Of Police Killed In Crash

Spec. 4 Richard Joseph Fredrick Jr., 20, son of Escanaba Police Chief Richard Fredrick, was killed and a Washington Island girl seriously injured Thursday night in a one-car accident on Washington Island.

Door County Sheriff's officers were continuing to investigate today, but details were not immediately available.

Fredrick and three other young persons, including Walter (Skip) Zimmerman of Escanaba, were riding in a jeep which apparently went out of control and crashed between 9 and 10 p.m. on the Detroit Harbor Road, officers said.

Zimmerman and Cindy Kenne, 18, a summer resident of the island from Chicago, apparently escaped injury.

Ann Gordon, 16, of Washington Island, was reported in serious condition this morning at a Green Bay, Wis., hospital. Her injuries included a fractured left leg.

Richard Joseph Fredrick Jr., son of Capt. and Mrs. Richard Fredrick, 2645 Lake Shore Dr., was born April 26, 1948, in Chicago. He graduated in 1966 from Holy Name High School and was a member of St. Joseph's Church.

He was serving on detached service at Gary, Ind., from headquarters of the 1st Missile Battalion, 60th Artillery, Fort Sheridan, Ill.

Survivors include his parents and three sisters, Kathleen, Joan and Mary Sue, all at home.

The body was taken to the Anderson Funeral Home where friends may call after 4 p.m. Sunday. Liturgical prayers will be recited at 8 p.m. Sunday.

Funeral services will be held at 9 a.m. Monday at St. Joseph's Church with Fr. Jordan Telles officiating. Burial will be in Holy Cross Cemetery.

Renew Try To Open Seaway

OTTAWA (AP) — Government and union officials today began a high-level attempt to renew negotiations to end the costly strike of workers on the St. Lawrence Seaway.

It was the first meeting in five days between the Seaway Authority and the Canadian Brotherhood of Railway, Transport and General Workers.

Union President W.J. Smith was not hopeful as he entered the meeting at the Seaway Authority's offices in a downtown Ottawa government building.

The situation, he said, is "just as black" as it has been.

Smith also told reporters he intended to clarify the union position in the dispute. He was accompanied by two of his officials.

They met Pierre Camu, Seaway Authority president, and William Kelly, director of conciliation and arbitration for the Canadian Labor Department.

Marquette Man Is River Victim

By The Associated Press
Michigan's traffic death toll for the long July Fourth holiday period rose to seven today when a Whitmore Lake man was killed in a fiery crash.

In addition, two persons drowned in Michigan waters.

The Associated Press count of fatalities for the holiday period began at 6 p.m. Wednesday and ends at midnight Sunday. Drowning victims: Gordon Lee Carter, 21, of Marquette, who went under while swimming in the Dead River at Marquette Wednesday night.

Joyce Pollard, 17, of Detroit, who stood up in a boat to wave at some people and fell overboard Thursday. The mishap occurred in Portage Lake near Jackson.

Prisoner's Hijacking Of Airliner Prevented

SUPPORTERS OF former Alabama Gov. George Wallace and anti-Wallace demonstrators clash in front of platform at the Minneapolis Auditorium Wednesday night where Wallace was scheduled to address a public meeting. Some 30 policemen removed about 50 demonstrators from the auditorium. Six persons were treated for injuries and police report five persons arrested and charged with breach of the peace. The former governor's speech was delayed about an hour. (AP Wirephoto)

Bank Robber Eludes Guards To Create Panic

LAS VEGAS, Nev. (AP) — A prisoner aboard an airliner carrying 71 passengers slipped away from his guards long enough to try a daring plot to hijack the plane. Then, he sat back between his guards and waited.

None of the other passengers aboard the Trans World Airlines plane knew of the threat made quietly Thursday by John Hamilton Morris to a stewardess:

"I've got dynamite in this bag. And my two buddies have guns. Turn this plane around and fly it to Hermosillo, Mexico."

The stewardess told the pilot. He told aviation authorities in Los Angeles by radio. At their direction Capt. C. P. Barron changed course. For 20 minutes, while Morris sat between two deputy U.S. marshals, Barron slowly circled southern Nevada.

Then, as Barron sat the Boeing 727 down at McCarran Field, Morris bolted for a door. His guards grabbed and subdued him.

Morris, 48, was taken to Clark County jail here and the plane, after an hour's delay, continued its flight to San Francisco.

A spokesman for the Federal Bureau of Investigation said Morris would appear before a federal grand jury to answer a possible attempted hijacking charge. He was being flown from prison at Leavenworth, Kan., to San Francisco for an appeal hearing on his 15-year sentence for bank robbery.

Authorities said the two deputy marshals assigned to guard Morris agreed to let him go to a rest room at the front of the plane but didn't realize that he instead stopped and talked with the stewardess in the first-class compartment between the cabin section and the pilots.

Several Las Vegas police officers had entered the plane before the passengers realized what had happened.

"They were kind of startled when they found out," said a TWA spokesman. "But they weren't really frightened."

Racial Equality Chief Opposed

COLUMBUS, Ohio (AP) — Delegates to the 26th annual convention of the Congress of Racial Equality are uncertain over who will be their new national director.

Roy Innis, considered the most likely to succeed Floyd B. McKissick as national director, ran into increased opposition as the convention entered its fourth day.

McKissick, at a testimonial dinner Thursday in his behalf, told about 300 persons that he "might come back" after a "slipped spinal disc" is corrected. "I might just step aside for a little while," he said, "but it would make too many white people happy if I leave." McKissick, 46, has been director since 1965.

He was given a plaque that cited his leadership in developing Black Power from a slogan to a program.

Innis, 34, the associate national director, automatically becomes acting director Monday, the day after the convention ends.

The bid to make him permanent director is being fought by some CORE members who resent reports that Innis endorsed former Vice President Richard M. Nixon for president. Innis has denied the report repeatedly.

Red Missiles Fired At B52s, But Miss

SAIGON (AP) — Two enemy antiaircraft missiles were fired at U.S. Air Force B52 bombers attacking North Vietnam's southern panhandle Thursday, the U.S. Command reported today.

Spokesman said none of the eight-engine bombers was hit. The B52s have been fired upon before by the Soviet-made missiles on raids in North Vietnam's southernmost section, but none ever has been hit so far in the war.

The B52s began a massive bombing campaign Monday against enemy artillery sites and storage areas in the panhandle and the northern part of the demilitarized zone. Since then, they have flown 28 raids in the area.

Pound Red Bases
The giant bombers are considered vulnerable to the enemy high-altitude missiles. U.S. fighter-bombers — faster, smaller and lower-flying — ordinarily attack known enemy missile sites before the B52s head for the DMZ or North Vietnam, and the B52s generally try to steer clear of these sites.

The fighter-bombers attacked one missile site 13 miles above the DMZ Thursday and pilots reported their bombs touched off four fires. They flew 141 missions today against supply lines in the panhandle.

The B52s returned today to pounding enemy bases around Saigon in a massive allied campaign to head off a threatened attack on the capital. They flew five missions 28 to 30 miles northwest of Saigon.

On the ground, allied troops uncovered two more important enemy arms caches today, bringing the number found since Wednesday to five.

Seize Enemy Weapons
"We're getting better intelligence," a U.S. spokesman said. "We're getting it (the weapons) at the base camps before it can be moved."

Maj. Gen. John J. Hay, commander of U.S. troops in the capital military district, has said the only way to prevent attacks on Saigon is to seize enemy weapons before they can be moved into firing position.

One of the latest discoveries was made by U.S. 1st Division

infantrymen in a complex of five bunkers and 150 feet of tunnels 33 miles north of Saigon. The cache contained 110 bazooka-type rockets, seven rocket launchers, an 82mm mortar and 24 shells for it.

Cache Booby-Trapped
South Vietnamese infantrymen turned up a cache 180 miles northwest of Saigon which government spokesmen said contained five 100-pound Russian rockets of the type used to shell Saigon in recent weeks; 91 rounds of 75mm recoilless rifle shells and three smaller-range bazooka-type rockets.

About 30 miles northwest of Saigon, other 1st Division troops gingerly probed booby-trapped enemy bunkers where they already had found a cache of more than 35 of the big Russian 122mm rockets plus more than 1,000 bazooka-type rockets.

CHICAGO (AP) — Hundreds of thousands of Chicagoans returned from their Fourth of July holiday to cope with the fourth day of a wildcat strike by more than 1,000 bus drivers and motormen.

Leaders of the walkout against the Chicago Transit Authority met secretly with top union officials Thursday and were told to order their fellow dissidents back to work.

The union said it would act on their complaints only when the strike ended. The demand was rejected by the strikers.

CTA Chairman George L. Deament said Thursday night he was "kind of discouraged" at receiving no word of progress in resolving the dispute which interrupted service for some 600,000 commuters Wednesday.

Dement said service for the holiday operated at about 75 percent. But he predicted today's transit problems would be as great as Wednesday.

"More and more drivers say they don't want to take buses," Dement said.

A CTA spokesman reported half a dozen instances where

strikers boarded buses and convinced drivers to return immediately to terminals. Most of these occurred on the North Side, an area largely unaffected by the walkout that began Tuesday on the South and West sides.

James J. Hill, president of Division 241 of the Amalgamated Transit Workers, and six members of the striking faction, the Concerned Transit Workers, met for 30 minutes in the union headquarters Thursday.

Some 200 of the dissidents met later in a South Side church and announced following the meeting that the strike will continue.

CTA officials have estimated that 1.15-million persons use the bus and subway trains each day. Although only bus drivers were involved in the walkout at first, they were joined by dozens of subway and elevated train motormen Wednesday.

The walkout stemmed from a demand by Negro bus drivers for representation among the officers of the union. Negro drivers number more than half of the union's 1,340 members but there are no Negro officers.

Skydiver Misses Target, Is Killed

LANSING (AP)—A 31-year-old skydiver was killed Thursday during a Fourth of July exhibition near Lansing, police said, but another parachutist who also missed his target was not injured.

Rodney Shafley of Haslett was killed when high winds apparently caused him to miss his target at a picnic ground near Holt and sent him into a water-filled gravel pit.

Betsy Rodson, 25, of East Lansing jumped with Shafley from another plane.

"LIVE HORSEPOWER IN ACTION" is the theme for the horse pulling contest to be held Aug. 18 at 7 p. m. on the grandstand track at the U. P. State Fair. The draft horse teams will match pulling power on the "dynamometer," a truck-mounted power-measuring device. Team owners planning to enter their horses in the contests, both lightweight and heavy-weight, must submit a \$2 entry fee before Aug. 2 to the manager of the Fair in the form of a check payable to the "State of Michigan." No admission fee will be charged to the horse pulling contests.

Horsepulling Coming Back To Fair After 12 Years

By ALAN HOWARD

To a modern-day urban dweller born long after the day when "get a horse" was serious advice, the prospect of "horsepulling" seems as antiquated as fly nets.

But old traditions and customs don't die — they retreat and live in the hearts of die-hard devotees who wait for a revival of their favorite aspect of the "good old days," once known as "these trying times."

Such is the case with horsepulling. I don't write with the confidence of time-tested authority, as my knowledge of this sport has existed only a few hours — just since I spoke with Leland Thompson, the recently appointed superintendent of horsepulling for the U. P. State Fair. He speaks deftly of "stoneboats" and "dynamometers" and doesn't consider them strange.

This year Thompson will supervise the horsepulling contests at the Fair, and he's a new man on the job. That doesn't mean, however, that he is inexperienced in the ways of workhorses, but that he is the first man to hold the position since 1956, the last year that horsepulling was a feature at

the Fair. He told me how this came about:

"In the early years of the Upper Peninsula State Fair, four days of horsepulling were held. The first day was for Delta County lightweights (teams weighing under 3,200 lbs.), the second for Delta County heavyweights (3,200 lbs. or over), the third for Upper Peninsula lightweights, and the fourth for U. P. heavyweights."

Public interest in the event,

Pull

Approximately 2,500 persons attended the 11th annual horsepulling contest Sunday in Champion. Sponsored by the Champion Lions Club and volunteer firemen, the contest featured 26 teams — 15 heavyweight and 11 lightweight.

Each team pulled a "stoneboat," a platform mounted on wooden runners and laden with varying numbers of 100-lb. rail sections.

The winning team in the lightweight division, owned by Robert Steimer of Jackson, pulled a weight of 7,800 lbs., a distance of 26 feet 6 inches, while the second place team, owned by Maurice Barclay of Seymour, Wis., pulled the same weight 18 feet 6 inches.

The team of Myron Ryland, Hortonville, Wis., pulled 10,700 lbs., 17 feet 2 inches to win the heavyweight prize. The second place heavyweight team, owned by Harold Hamel of Champion and driven by his son, Mike, pulled the same load 1 foot 4 inches.

The two lightweight teams of Robert Steimer were cited for traveling the longest distance — 450 miles.

Fourteen of the teams competing were from Michigan, the rest from Wisconsin.

he said, seemed to increase yearly. In 1947, the contests were opened to teams from any state, but "in the early and middle 1950's the interest in pulling decreased to the point where the Fair board discontinued it."

Horsepulling has now come full circle and has brought with it a small band of workhorse aficionados equal to the specialized knowledge demanded of them. Such men, like Leland Thompson, read the Draft Horse Journal, a quarterly journal for horse breeders, and pursue their avocation more for pleasure than for gain, as the disparity between expenses and awards attest.

The seven prizes which will be awarded to team owners this year will range from \$25 to \$85 in increments of \$10 from the seventh to the first prize. Non-winning teams will receive \$10 for their efforts. "Yet," Thompson recounted,

War-Time Bridge Replacement Open

LONG BEACH, Calif. (AP) — The 135-foot pontoon bridge to Terminal Island, built by the Navy as a temporary structure in 1944, was closed this week and replaced by a new \$20-million bridge 200 feet high.

The old span, which rose and fell as much as 25 feet with the tide, carried hundreds of people a day and caused huge traffic jams while traffic was stopped to allow ships to pass. Seven motorists have drowned in the channel since 1944.

The pontoon bridge will be sold to the highest bidder by the city of Long Beach.

Buy and sell the classified way.

"the heavy horses required in a pulling contest can cost as much as \$300 or more if purchased new. A good team of draft horses, not necessarily champion pullers, will sell for \$700-\$1,000. Once a team has demonstrated its ability to pull well and has won a few contests, the value can increase to \$2,500-\$3,000."

These prize horses, which will match brawn at the Fair on Aug. 18 at 7 p. m., may come, said Cliff Perras, manager of the Fair, "from anyplace in the world." These giants of the horse world are mainly Belgians and Percherons. They are in horsedom the forgotten workers that have vanished from the urban eye.

Health Program Set For Indians

LANSING — A health screening program for Indians will be conducted in the Upper Peninsula July 11 to 26, reports the Michigan Commission on Indian Affairs.

About 1,500 Indians from the Pottawatomie, Chippewa and Ojibway nations living in, or close to Hannahville, Watersmeet, L'Anse, Marquette, Bay Mills, and Sault Ste. Marie, will be tested. Indians from the St. Ignace area will be transported to the Soo for testing and returned.

"We want to establish the health status and needs of the Indian people of Michigan," said Dr. John A. Cowan of the Michigan Dept. of Public Health, who with the Michigan Commission on Indian Affairs is coordinating the program.

The program will provide a wide array of health tests including chest X-ray, tuberculin skin test, laboratory services for blood test for glucose, creatinine, uric acid, cholesterol, hemoglobin, serology, blood pressure, EKG, hearing testing and vision testing.

Pre-registration is being conducted in the areas by Community Action Program personnel, VISTA workers, and other citizens.

Also providing services and personnel for the screening program are the Michigan Council of Churches, Michigan Optometric Association, Michigan Heart Association, Michigan Diabetes Association, Michigan Tuberculosis and Respiratory Disease Association, Menominee, Gogebic, Baraga, Sault Ste. Marie, and Chippewa-Mackinac Medical Societies, Upper Peninsula Health Departments and the Catholic Diocese of Northern Michigan.

Upper Peninsula County and District Health Departments will provide personnel for the screening program and will assist in follow-up attention.

Michigan State University and the University of Michigan also will be involved in the project.

Dr. Cowan said the screening program will serve as an investigative tool as a means of early detection of disease and for the improvement of health. He said follow-up services will be provided for the Indians to make sure they get the necessary health service needed.

Four Ordered For Induction

Four men from Delta County will report to Selective Service centers Monday for induction into U. S. military service.

Reporting to the Delta County Draft Board office, 1103 Ludington St., will be Richard H. Rademaker, Rock, leader of the group, Terrence D. Vietzke, Rapid River, and Ronald G. Medenwaldt, Escanaba.

Orders for Frederick R. King of Escanaba have been transferred to the transfer board at Milwaukee.

Men leaving Escanaba will be taken to Milwaukee by charter bus after 8 a. m. roll call.

Robert L. Whipple of Rapid River, who was leader of the June induction group from Delta County, also was selected leader of the group leaving Milwaukee for the Army reception center at Fort Campbell, Ky. He was responsible for 38 men in the group.

Health Service Reform

A citizens committee which made a five year study of health care in Michigan has suggested a massive consolidation of state health services and functions in a single state agency.

It has also had some very critical things to say about some of our volunteer health services which solicit funds from the public.

The state, the committee found, has a lot of duplication and overlapping of effort in 11 departments of state government charged with providing health services. It's not only wasteful, it results in some health needs being overlooked.

The Michigan Community Health Services Study has its headquarters at the University of Michigan School of Public Health. There are 246 persons in its six regional task forces and a statewide committee of 40.

Looking at the report, especially a sit affects health services in the Upper Peninsula, we note:

1. Suggestion of increased state financial aid to local health departments based on a formula of population, economic need, health problems and health services provided. This would be welcomed in the U. P. Health officers officers here have been working for a matching basis of state aid. It costs counties with small populations more money to provide health services per capita and this should be recognized in the aid formula.

2. The report suggests improved health services in Michigan schools. The health department view of school nursing service is that it should be dispensed with and turned over to the local health department, which has an expertise in administration and a responsibility for community health.

The same criticism is visted on government activities like the Head Start pre-school program, which has a health phase. Turn the money over to us for such services, the health departments suggest.

3. The report suggests that all nonprofit voluntary health and welfare services that solicit funds from the public make standardized financial reports so that the public can know how they spend their money.

This is long overdue. It is health officers' view that some of these agencies should be out of business. Some of them spend half of their income to collect the money and have too high administrative costs. The March of Dimes, when polio was conquered by the Salk vaccine, changed its function to respiratory diseases. No doubt this can be amply justified by its directors, for certainly are continuing needs of health service. But this is not the point.

We are in a new situation of huge expenditures for health research by government. Does this affect the research programs of the volunteer agencies? If it doesn't the situation should be revealed by the disclosure act which is proposed and the public would be on notice that the Vertigo Foundation was using more of its income to maintain itself than to provide health services. The report also suggests a study on the prospects of combining similar services of different voluntary health agencies. There are 19 agencies for helping the blind in the Detroit area alone.

4. Improved health teaching in Michigan schools, from kindergarten through high school, is suggested. The health departments don't report much headway in their work with schools. Basic needs for good health instruction in the schools are teachers well schooled in the subject and good texts, and both are lacking. Northern Michigan University has improved its health education of teachers some, say health officers, but texts continue to be wanting. They're apt to be written not by professional health people, but by professional educators and should be replaced by some commissioned texts by qualified persons.

We're in a new situation of enormous expenditures for public health services and there should be a thorough audit of the whole complex of public support for health programs. It is going to be very expensive, even without the needless voluntary appendages of public health services, so we should channel this spending into truly productive channels.

No Hot Pursuit?

Two doctors, in a report to the American Medical Association, have come out against a familiar and well-accepted police institution — "hot pursuit" of speeders and other criminals.

The doctors are members of the Physicians for Automotive Safety Committee of the AMA. They argue that most pursuit is of minor traffic offenders — but the results are massively destructive.

At least 25 per cent of such chases, they reported, end in death and 70 per cent in an accident, often serious. "The police are really making something major out of something minor," said Dr. Seymour Charles of Newark, N. J.

The doctor may have a point. The game may not be worth the scandal, but it occurs to us that if anyone can exceed the speed limit with the thought the police won't pursue because it's dangerous, there will just be another kind of danger created and no safety effected.

Teacher Pacts Ahead Of 1967

LANSING (AP) — Teacher contract settlements are running well ahead of last year but there are indications of trouble in some 30 to 35 school districts represented by the Michigan Education Association, Lt. Gov. William G. Milliken reports.

Milliken said the MEA represents 512 grade school districts and that 200 agreements have been reached.

Last year, Milliken said, there were 300 unsigned contracts on Aug. 1. Of the 292 districts where agreements have not been reached, only 30 to 35 appear to be trouble spots, he said.

There are indications of trouble in four districts represented by the Michigan Federation of Teachers, Milliken said. Milliken said negotiations this year are proceeding ahead of last year because the total amount of state aid was known much earlier than in previous years and because negotiators have had more bargaining experience.

Health Study Urges Merging Services

After a five-year study of health care in Michigan, a citizens' committee has recommended sweeping consolidation of state health services and functions under a single state agency.

This had top priority among 61 detailed recommendations listed by the committee in a 152-page report just published by the University of Michigan School of Public Health.

The report criticized the "duplication and overlapping of effort" in Michigan where 11 departments of state government are responsible for providing health services.

"Continuing fragmentation of statutory authority and responsibility cause certain public health concerns to be overlooked," the report says. "The welfare of the public tends to be come lost in this legal labyrinth."

Formed in 1963 as the Michigan Community Health Services Study, the committee headquarters is at the U-M School of Public Health. There are 246 civic leaders in six regional task forces and a statewide "Committee of Forty."

Copies of the report are now being sent to all health agencies medical school, university libraries, state legislators, and departments of state government.

Letters To The Press

One of our primary reasons for reducing the toll on "Big Mac" was to attract more tourists and thereby giving our tourist industry and related fields an overdue economic boost.

While this is valid reasoning, subsequent events would lead us to believe that something is amiss in that we have discontinued major road construction here in the U.P.

It would certainly seem that four lane roads are even more vital in attracting tourists than a toll reduction.

While "Big Mac" makes it possible to cross the Straits three times quicker we're still in the same old boat after we hit the U.P., with its outdated roads and therefore we have gained nothing.

Coupled with this, our lawmakers are now making it possible for just a favored few to sell liquor on Sunday after 2 p. m., to lend some more help to the tourist trade.

This, of course, is a low blow to the majority of bar owners who also depend on tourist trade and are deprived of an equal opportunity to attract tourists. These bar owners pay as much, and in some cases more, for their license as the favored few and yet they're denied the right to sell liquor after 2 a. m., on Sunday, the same as their fellow man.

When an expert stops to think over a play of the hand you can be sure of two things. The first is that he has something to think about, and the second is that he will probably solve his problem.

When an ordinary player stops to think you can be equally sure that he has something to think about but you can't always be sure he will solve his problem.

There is nothing wrong with the North-South bidding. South has almost enough to open with a forcing two bid and can certainly afford to go to a slam after North jumps to game.

The slam also is one that will make. Unless all three trumps show up in one hand there is no defense. Even with all trumps in one hand, South makes his contract if he guesses which opponent will hold the queen.

The play starts with West opening his ace of clubs and continuing the suit. South is in with the king and right here is where South should take a little time to decide whether to lead the ace or a low spade.

An expert would surely lead the ace of spades. He would note that West had a club suit headed by the ace but had not got into the bidding against vulnerable opponents. That might indicate to some players that he did not also hold the queen of spades, but to an expert it would indicate that West would be most unlikely to hold no spades at all. People try to get into the bidding when they are not vulnerable, and when they think they don't have much defense. The queen of an opponent's bid suit represents possible defense. No cards in an opponent's bid suit represents a possible cheap save.

Therefore the expert would lead his ace of spades at trick three and pick up the queen when East showed out.

BOOK ON SALE

Various divisions of the report are concerned with mental health, preventive medicine, dental care, environmental health services, personnel, and organization.

An appendix lists certain broad recommendations stemming from each of Michigan's six regions.

The study was conducted with financial support from the W. K. Kellogg Foundation and the U.S. Public Health Service.

Administrative director of the study is Dr. Vlado A. Getting, chairman of the U-M department of community health services. Cosponsors of the project with the University were the Michigan Department of Public Health and the Michigan Health Officers Association.

The report book is available for \$2 to interested persons from the Michigan Community Health Services Study at the University.

Ann Landers

Childish Hubby Has Wife Embarrassed

Dear Ann Landers: Is it possible for a pregnancy to last 17 months? Here is my story: I went with this girl for two years. One thing led to another and the next thing I knew Verna said, "We'd better get married right away." Although I wasn't exactly thrilled with the idea, I did the honorable thing and married her that weekend.

A few months later Verna began to wear maternity clothes and complained that her feet were swelling and her back ached. She is in her 17th month as I write this letter.

Verna has gained 18 pounds. She has knit nine baby sweaters, crocheted seven bonnets and five bootie sets. We even bought baby furniture and have a room ready but there is no baby.

My friends and relatives are driving me crazy with questions and I don't know what to say. What does this sound like to you? — DELAYED FATHERHOOD

Dear Delayed: It sounds like excellent salesmanship with no product to back up the pitch. But don't get the idea that you were framed, because there is such a thing as false pregnancy. It is called pseudocyesis.

I suggest that you have a talk with her doctor at once and learn whether or not a baby is on the way. If so, it's not the same baby Verna talked about 17 months ago. No pregnancy can last 17 months. It only seems that long.

Dear Ann Landers: Whenever I'm on the phone my husband walks over to me and says, "Who is it?" Then he asks "What does she want?" The next question is "Why waste your time talking about that?" After a couple of minutes he says, "Get off."

It is awfully hard, in the middle of a phone conversation, to answer his questions. It is also embarrassing because the person on the line can hear him. I decided a few weeks ago that the best solution was to ignore him. This makes him furious.

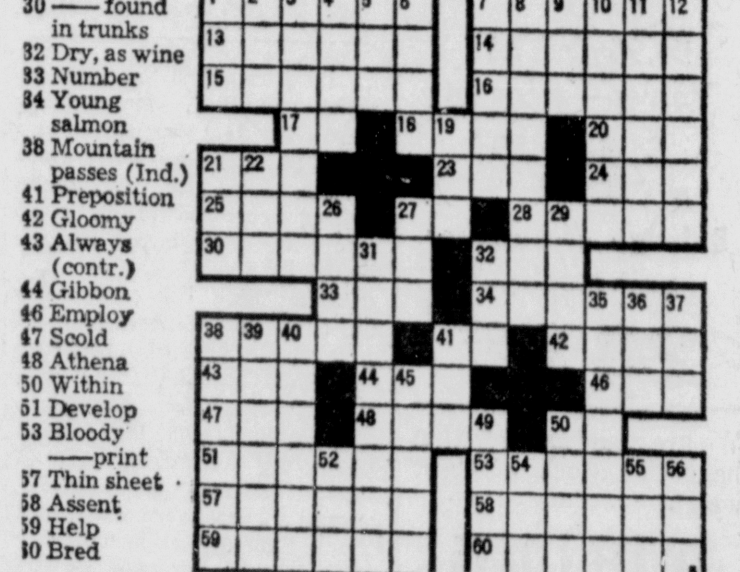

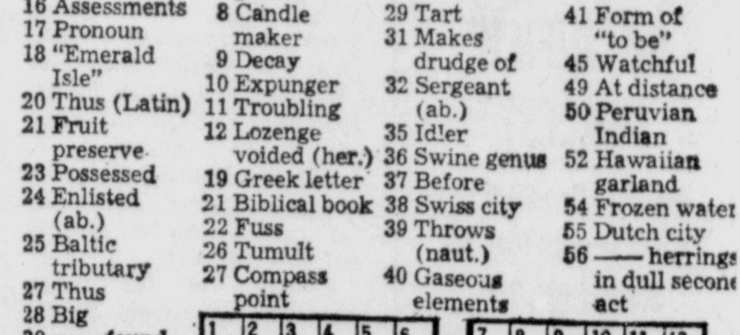

Can you offer a solution? — ULCERS SOUTHERN STYLE

Dear Ulcers: A husband who is so childish that he cannot stand being excluded from anything — even a routine telephone conversation — should be dealt with on the 10-year-old level at which he operates.

Cornerstone Ceremony Set

The cornerstone of the new St. Stephen's Episcopal Church will be laid in ceremonies Sunday by the Rt. Rev. George R. Selway, D.D., Bishop of Northern Michigan.

The program will begin with celebration of Holy Communion by Bishop Selway at 10 a.m. in the multi-purpose room of the Franklin School, where worship services of St. Stephen's are being held while the new church is being built.

The congregation will then go to the site of the new church at the triangle formed by Ogden Ave., S. 6th St. and 3rd Ave. S. where the cornerstone service will take place.

Assisting the Bishop will be the rector, the Rev. Ben F. Helmer, and the following members of the Parish: Mrs. Arthur Beaudoin, directress of the Altar Guild; Benjamin Johns, senior warden; John Lueneburg, junior warden; Mrs. Donald Nelson, secretary; Mrs. Barnett Mills, member of the Vestry; Vance Sailor, treasurer of the Building Fund; and Robert Jensen, member of the Youth Group.

Architect Norman Arntzen, a former senior warden of St. Stephen's, also will assist.

The decision to raze the old St. Stephen's Church and rebuild on the same site was made over a year ago. The new building will provide worship, study, and multi-purpose facilities designed to meet the needs of the growing parish.

A reception prepared by the women of St. Stephen's will be held in the Franklin School immediately following the services.

Economic Development Unit Seeking Staffing

Harold Dettman, chairman of the Eastern U.P. Economic Development District, announced receipt of approval for a grant of \$29,790 from the Economic Development Administration of the Department of Commerce. This fund enables the newly formed organization to

proceed with staffing and launching its program for meeting the economic challenges and problems of the three-county area of Chippewa, Mackinac and Luce counties.

Committees appointed at the first meeting of the new organization can now begin to func-

tion. The Personnel Committee is receiving applications for the necessary administrative staff: a director, a staff assistant, and a secretary-stenographer. Applications for these positions can be submitted to Jim Mills, Newberry, chairman. Robert Jacobs, Sault Ste. Marie, and Clyde Nelson, St. Ignace, are committee members.

The Finance Committee, Jim Miller, Naubinway, chairman, is seeking three-county funding to match with 25 per cent, the federal grant of \$29,790 which is 75 per cent of the total budget for the district. Local county matching funds can be a combination of cash or in-kind participation. Other members of the Finance Committee are Frank Pingatore, Sault Ste. Marie; and Ralph Fuller, Newberry.

The Personnel, Finance, Work Program, and the Overall Economic Development Planning Report Committees will meet soon to review the materials and direction of the Eastern U.P. Economic Development District.

MEMBERS OF THE Lutheran Youth Gospel Crusaders of Minneapolis who will sing at 7:30 tonight and Saturday at special Youth Crusade services at William W. Oliver Auditorium featuring Rev. David Augsburger, noted Mennonite Hour radio speaker, are, from left, back: Ted Thompson, Minneapolis; David Lorey, El Cajon, Calif.; Conrad Pedersen, Minneapolis; Kandy Fader, Anacortes, Wash.; front, Jane Christenson, Minneapolis; Midge David, Woodland Hills, Calif.; Patrice Featherstone, Minneapolis and Sue Moore, Van Nuys, Calif. The Crusaders will be at Immanuel Lutheran Church, 6th Ave. S. and 23rd St., for a "Sip and Sing" fellowship with all high school youths invited to join them at the services and fellowship hour.

Fair Trial Conference Set Here By Davidson

Delta County Prosecutor Nicholas P. Chapek announces that Circuit Judge Bernard Davidson will preside at a meeting on fair trial in the House of Ludington at 2 p.m. Monday, Aug. 12.

Invited to the conference are representatives of the law enforcement agencies, the courts, and the communications media in the Upper Peninsula. The meeting was requested by the Escanaba Daily Press.

There will be presentation of the proposal of Chapek to the State Police, Escanaba city police and Delta Sheriff's office for pretrial publicity on criminal charges.

Chapek is proposing a code that is in rather wide adoption for control of pre-trial reporting. It would require:

1. Law officers, in reporting arrests, would not speculate on the evidence, nor comment on the innocence or guilt of a suspect.
2. Law officers would not comment on any tests offered to or taken by a suspect.
3. Law officers would not comment on the existence of a "confession," saying only that a "statement" had been given.
4. A law officer could release the essential factual information relating to an investigation of the case; that is, the name of the person held, and the essentials of the alleged crime.

Fair trial is a controversial

subject. The Dr. Sam Shepard murder case and other trial hooplas have resulted in a movement of the American Bar Association and the courts to provide greater protection from unfair trial for accused persons.

The general attitude of the mass information media (newspapers, magazines, radio and television) is that public interest demands fair trial for ac-

cused persons, but that the public also has rights in the matter, and that anything resembling an indiscriminate blackout on pretrial news would work against the ends of justice and not for it, because the disclosure process, while it has worked some injuries by excesses of the lawyers, the courts and the information media, has also helped create an informed public, if a sometime titiated one.

Moose Charter Drive Continues

The drive to organize an area chapter of the Loyal Order of Moose lodge will continue Tuesday with a special meeting Tuesday at Tim & Sally's Restaurant in Escanaba.

Omar LaBumbard, Rte. 1, Cornell, who is leading the local organization effort, said about 70 persons already have signed up. He said 100 members are needed to be granted a charter.

The meeting Tuesday will begin at 8:30, he said.

The Loyal Order of Moose is a community service organization with special emphasis placed on programs for the elderly and the young. The organization was founded in Louisville, Ky., in 1888, and

currently has more than 2,000 lodges across the country.

Moosehaven, a retirement community 16 miles south of Jacksonville, Fla., was founded in 1922 for elderly Moose members. Nearly 400 persons reside in the community, which is supported by a portion of each Moose member's dues and with additional contributions from the Legion of the Moose and the Women of the Moose.

Another part of the organization's program is Mooseheart, a "Child City" located 37 miles south of Chicago for children who have lost one or both parents.

Trophy Is Added To Venetian Night Harbor Program

The most colorful night of the year at the Escanaba Yacht Harbor — the annual Venetian Night sponsored by the Escanaba Yacht Club — will have a new element this year.

Because of efforts by skipper in decorating boats, the Yacht Club announced today that a "Venetian Night Trophy" will be awarded.

Donald J. Crawford, chairman of the program, said boat

decorations, entertainment value provided and seamanship and safety during the parade will be used in judging boats.

The annual Venetian Night program is scheduled Wednesday, July 10, and will begin with El Toro race demonstrations at 7 p.m.

A concert by the Escanaba City Band under the direction of Paul Cowen is scheduled at 8 p.m. following at 9:15 by the annual Venetian Night parade of boats and yachts.

Boats will make three loops around a course through the harbor channel.

Crawford said any boats will be welcome for the parade and owners need not be members of the Yacht Club to participate.

Boats must be self propelled. Fuses, holders and number cards will be issued between 7 and 8:30 p.m. in front of the Yacht Club. Number cards will be displayed on the starboard side of each boat's bow.

Lead boat in the parade will be the Spindrift of Escanaba.

Boat owners planning to participate should contact Crawford, 302 S. 13th St., immediately.

Historical Group To Meet July 12

Charles Folio will represent the Delta County Historical Society at the 19th annual Upper Peninsula Conference of the Historical Society of Michigan July 12-13 at St. Ignace.

Highlighting the conference will be a report by Lawrence A. Rubin, executive secretary of the Mackinac Bridge Authority, on "New Historical Park Development at the Straits," the observance of the Tercentenary of Father Marquette; an address by Fr. Joseph P. Donnelly, S. J., Marquette University, on "The Real Father Marquette," and the presentation of "The Le Pesant Affair of 1706: The French Struggle for Control of the Upper Great Lakes" by Donald Chaput, editor of "Michigan History."

Exchanges Closed

NEW YORK (AP)—U.S. securities exchanges were closed today to curtail trading volume that has swamped brokers' clerical staffs with paperwork.

The New York foreign exchanges and the Chicago livestock market operated as usual. The Chicago Board of Trade and the New York produce market held abbreviated sessions.

Arvold Heading Mead Division

DAYTON, Ohio — Mead Papers, in a move toward complete integration of the marketing and manufacturing activities of its Publishing Papers Division, has named Robert P. Arvold vice president and general manager — publishing papers.

Arvold had been manager of Mead's Publishing Papers Marketing Group since 1966. In effect his new appointment represents the addition of overall responsibility for the manufacturing facility at the Escanaba Paper Co., Mead's primary publishing papers mill.

The Escanaba Paper Co., is a wholly-owned subsidiary of Mead Corp., of Dayton, Ohio. It currently produces 275 tons of coated printing and publishing papers daily.

Expansion of the Escanaba mill, including the addition of a new 300-inch paper machine complete with a computer process control system, is underway now. When completed, late in 1969, the new facility will provide capacity for an additional 300 tons per day of lightweight coated papers.

Arvold joined Mead Papers in 1957. He was named manager of central planning for Mead's white paper operations in 1959. In 1963 he became assistant general manager of white paper operations, the post he held until 1966 when he was named a Mead Papers vice president and assigned to head the Publishing Papers Division's Marketing Department.

Arvold holds a B.S. degree in economics from the University of Arizona and a masters of business administration from Northwestern in 1951. He is a native of Reedsburg, Wis.

City To Open Bicycle Court

A city bicycle court will hold its first session July 13 at 9 a.m. in City Hall Council chambers under the direction of an Escanaba police captain or sergeant.

Beginning July 8, police will issue tickets to violators of the bicycle code, which requires that all bicycles must be equipped with good brakes, a horn or bell, a license, and a headlight and reflector if used after dark.

Bicycle court will hold a session every Saturday at 9 a.m. First offenders will be ticketed and their parents notified in writing. Those receiving second tickets will be ordered to appear in court to take a written test on bicycle riding rules. Parents of offenders will be asked to guarantee that children not use bicycles for a specified number of days.

Third offenders will appear in court, take written tests on bicycle safety and have their bicycles confiscated. The court will demand proof of correction of those ticketed for defective or absent equipment.

Dykhouse Plans Insurance Policy Canceling Probe

NEW YORK (AP)—Michigan Insurance Commissioner David Dykhouse reportedly has planned a special examination of an insurance company which has been canceling policies in Detroit.

Dykhouse was quoted by CBS News in New York that the London based Royal Globe Insurance Co., had sent him notice of 318 policy cancellations in Detroit.

CBS said the insurance firm—which ranks among the top 15 property insurers in the United States—had begun the large scale cancellations in Detroit and other cities which are deemed subject to racial violence.

Royal Globe president Clay H. Johnson was quoted in the report as saying his firm writes about three per cent of property insurance premiums in the U. S. but its riot losses last year were about five per cent of the total. "Even after our curtailment program is completed we will retain much more than our share of urban liabilities," Johnson was quoted.

Ruppe Opposes Agricultural Act

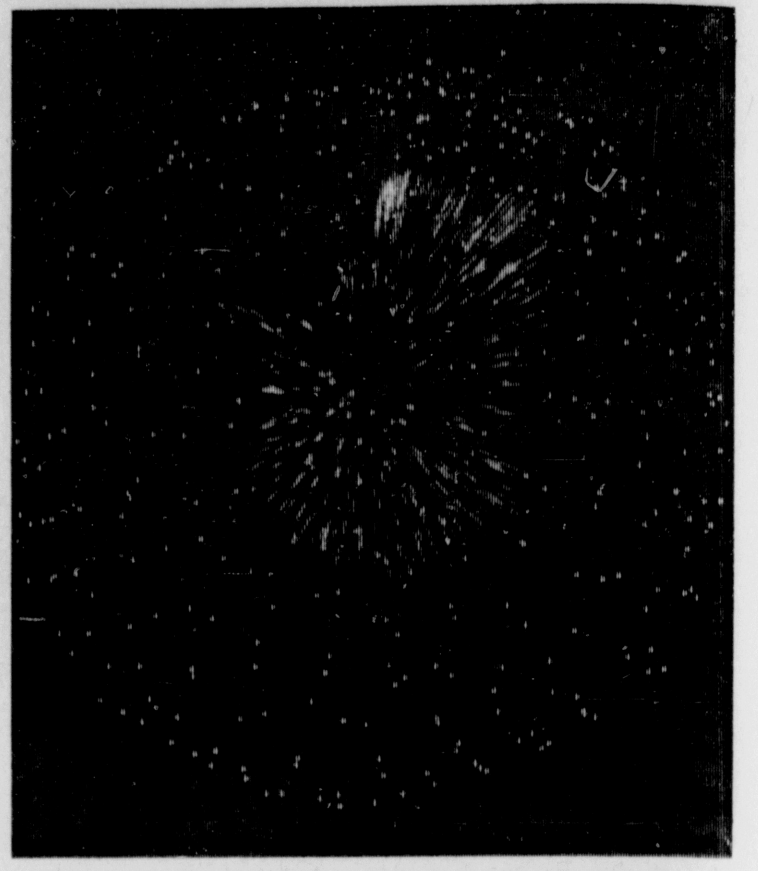

WASHINGTON —Very soon, we congressmen are going to be asked to vote on a one-year extension of the Agricultural Act of 1965. I will vigorously oppose that legislation.

In the first place, the existing act covers all crops harvested prior to Jan. 1, 1970. Therefore, even if we don't grant the extension requested by the Administration, the 91st Congress will have a minimum of six months to come up with something better. In the second place, the Agricultural Act of 1965, in my opinion, has been a failure.

The program costs the taxpayer about \$3.5 billion per year. Large-scale farmers are coming in for economic bonanzas, while the small farmer is caught in the squeeze. Last year, for example, the Senator Eastland Plantation in Mississippi received a \$157,930 windfall from the taxpayers, and other big operators did equally well. Another example of the inefficiencies of the act is the feed grain program. Part of its \$1.5 billion annual cost goes to take land out of production, while the rest gives farmers an incentive to boost output on remaining acres. This is self-defeating.

Land Act For Mines Is Law

LANSING (AP)—A measure allowing Michigan taxpayers to lower their state income tax bills by contributing to colleges and universities has become law without Gov. George Romney's signature, the executive office said today.

It allows individual taxpayers a credit of half the amount contributed, providing the credit does not exceed \$100 or 20 per cent of the tax due, whichever is less.

Also permitted to become law without Romney's signature was a measure authorizing the State Department of Conservation to condemn property on behalf of iron mining firms for processing low-grade ore.

The iron firm would be required to purchase at least 75 per cent of the needed land, and land in cities and villages would be exempt from the condemnation provisions.

A firm would have to demonstrate that the land was needed for water supply areas, settling ponds or basins in order to prevent water pollution.

"Unless some type of relief is granted," Romney said, "we

Design Z-48 has a living room, dining room, fireplaced family room, kitchen, laundry, three bedrooms, two baths, a lavatory and a foyer, with a total habitable area of 1814 square feet. The over-all dimensions are 80' by 39'. Nearly 21' of the frontage is taken up by the spacious two-car garage, which can be entered on foot from the rear or from the laundry room.

of the dining room are without breaks, leaving long expanses for buffets and china closets.

Just off the dining room, the kitchen is the central point of family activities, with a family room on one side and a laundry on the other. Together, they form a unit in which daily household chores, such as cooking, laundering and ironing, can be carried out just a few steps away from the family room. This enables Mother to keep an eye on the youngsters or take a few moments to relax and read or perhaps watch a favorite television program.

The family room is designed with an attractive corner fireplace, although this can be

Three Drown In Drainage Ditch

PONTIAC (AP)—The body of 13-year-old Michael Rosario was recovered Thursday from a drainage ditch at Pontiac. Surging waters in the ditch also claimed the lives of Michael's brother, Robert, 8, and Pontiac Police Capt. Donny Ashley, 46, whose boat capsized as he searched for the boys Wednesday. The bodies of Ashley and Robert were found Wednesday.

A lavatory is located just inside the rear door, a handy spot when you are working in the garden or the kids are playing outside. The basement stairway is reached through the laundry or the garage.

Rickover Says Subs Blocked

WASHINGTON (AP) — Civilian in the Pentagon and proponents of surface ships are blocking development of U.S. submarines while Russia is far ahead in numbers of undersea craft, charges Vice Adm. Hyman G. Rickover.

The principal tactic being used to delay submarine progress is "to study things to death," Rickover adds.

This is particularly true, he says, of his proposal for a new superquiet sub that could be used to track Russian missile-carrying submarines.

Rickover, known as the father of the nuclear submarine, commented in testimony before the Senate preparedness subcommittee in March and a transcript of the testimony was released Thursday night.

He said the Navy agreed last December that it needed a new sub, but that Dr. John S. Foster, director of defense research and engineering and principal adviser to the secretary of defense on such matters, has kept asking for more studies.

"Since Dr. Foster got the problem, he has made four or five studies ... what the next delaying tactic will be I simply don't know," Rickover said.

Foster, in a later appearance before the subcommittee, said he supported the effort to lower submarine noise levels, but thought other things should be considered before building what might be an expensive, one-of-a-kind vessel.

He said the quieter would cost far more than the 85 million estimated for the latest Sturgeon class submarine and that would be pretty expensive research.

London Bridge Stones In U.S. For Rebuilding

LONG BEACH, Calif. (AP) — America's independence from England was observed by longshoremen by picking up the pieces of London Bridge.

The workmen unloaded 850 tons of stones from the historic Thames bridge which is being hauled to Lake Havasu City, Ariz., for reassembling over the Colorado River.

A Norwegian freighter brought the first stones of the 10,000-ton bridge to America, arriving Thursday—the Fourth of July. The stones, weighing between 200 pounds and three tons each, will be taken to Lake Havasu City by truck.

They're numbered to guide engineers in the reconstruction.

The bridge was purchased for \$2,460,000 by the McCullough Oil Corp., developer of the river resort.

Mrs. Joseph Bivins

Mary Alice Wren Is Joseph Bivins' Bride

Miss Mary Alice Wren became the bride of Mr. Joseph Thomas Bivins, in Lansing, Mich. on June 8.

The bride is the daughter of Lt. Col. and Mrs. James T. Wren (U.S. Army retired) of 1227 Lake Shore Drive, Escanaba.

The double ring ceremony was performed in the formal rose gardens of Francis Park under a vine covered arbor. The bride wore a floor length Italian silk creamy white gown with long bell shaped sleeves of delicate lace. Her veil, of elbow length tulle, was caught up by a tiny crown of arora boriallis and rhine stones. She carried six long stemmed American Beauty roses.

Maid Of Honor
Miss Christina Marie Wren was her sister's only attendant. She wore a street length sky blue dress of crepe, with a matching head-band. Her flowers were in a nose-gay of small pink tea roses and pink carnations.

Ted Scholl, a roommate of the bridegroom was the best man. The bride was given in marriage by her father.

Mrs. Wren choose a pink cotton lace dress with white accessories for her daughter's wedding and Mrs. Bivins wore a grey linen dress trimmed in navy blue with navy accessories.

Following the wedding a small reception was held in the home of Miss Florence Bonhagel, great aunt of the bride with whom the sisters have made their home while attending Michigan State University.

Guests at the wedding came from Georgia, Escanaba, Detroit, Mt. Pleasant, Lansing, Ann Arbor, Kalkaska, Hillsdale and Perry, Mich.

After a short honeymoon, Mr. and Mrs. Bivins are now living in New York City at 206 W. 21st St. for the summer where

Mr. Bivins is employed in the office of Social Research for Columbia Broadcasting System. In the fall they will move to Boston where Mr. Bivins will begin graduate study in the Dept. of Social Relations at Harvard University under a National Science Foundation Fellowship.

Honor Graduate
The couple graduated from Michigan State University in June, where Mrs. Bivins majored in history and secondary education. She was a member of the Student Education Corp. and the History Club. The bridegroom graduated Summa Cum Laude as a merit scholar. He was a member of the Green Helmet, Omicron Delta Kappa, Phi Kappa Phi, and Phi Beta Kappa honor societies, and he was named a Woodrow Wilson Designate.

Christ The King Plans Picnic

Members and friends of Christ the King Lutheran Church on Escanaba's northside will hold a potluck Church Picnic Sunday, July 7 at 11:30 a.m. at Pioneer Trail Park (Northwest side). In case of rain, the picnic will take place the following Sunday.

Adult families are asked to bring either a meat or a vegetable hot dish or a salad. The church will provide ice cream, soft drinks, coffee, paper cups and plates. Guests are asked to provide their own table settings.

Special guests at Christ the King are the Lutheran Youth Gospel Crusaders of Minneapolis. They will sing at both the 8 and 10 a.m. worship services in the gymnasium of Webster School, where the congregation is worshipping during the construction of their new church. Conrad Pederson of Minneapolis, a member of the Crusader Team will deliver the sermon.

Manistique Gets 3rd League Win

MANISTIQUE — The Manistique Chiefs exploded for 19 runs against Schaffer yesterday, enabling them to keep their perfect, 3-0, record in Waubesa League play.

Gary Lambert received credit for the win and Jim Butryn was charged with the loss. Gary Sample got three hits for the winners and teammates Paul Demars and Phil Nelson each had two safeties.

Manistique will face Powers Sunday, June 14, in a battle of the unbeaten in a game to be played at Powers.

Aaron's Lack Of Hitting Evident As Braves Lose

By The Associated Press

The All-Star voters, Hank Aaron said about his selection to the National League team, must have voted the first day of the season.

Aaron showed again Thursday why he made that gain.

Atlanta's erstwhile batting terror grounded into double plays his last two times at bat as the San Francisco Giants trimmed the Braves 6-4 and tied them for second place.

Aaron's lack of hitting has been evident all season. True, he has hit 15 home runs, second best in the league, and driven in 43 runs, sixth in the NL.

But a large portion of those RBI has not significantly aided the Atlanta attack, and he's hitting an incredibly low .231. That compares with his 316 lifetime average, tops among active players.

Still his fellow players voted him into the starting line-up for the All-Star game in Houston next Tuesday.

"This is the biggest surprise I've ever had," Aaron said candidly when informed he had beaten out Willie Mays by nine votes for the third outfield berth. "I didn't think I had a chance. I thought Willie would get it."

Against the Giants Thursday, the 34-year-old Aaron singled in the fifth inning, stole second and scored on Joe Torre's single,

Indians Defeat Twins In Eighth

By The Associated Press

A wild pitch by reliever Al Worthington let in the winning run for the Cleveland Indians Thursday as they beat the Minnesota Twins 6-3 with a four-run eighth inning burst.

Worthington's wild pitch was his first offering after relieving Ron Perranoski with the score tied 3-3 and the bases loaded. The batter, Joe Arcue, then doubled to add two more runs to Cleveland's margin.

Going into the eighth, Dean Chance had a 3-2 lead and had given up three hits. Vern Fuller and Lee Maye singled to start the rally, and Russ Snyder singled home the tying run and brought Perranoski to the mound. Max Alvis fanned, and a wild pitch by Perranoski advanced both runners, leading to an international pass to Lou Johnson to fill the bases.

In came Worthington for the costly wild pitch.

The Great Hit Famine took a back seat Thursday to an old fashioned Fourth of July fireworks show of home runs in Detroit.

Elsewhere in the American League, Baltimore edged Chicago 4-3 in 12 innings, Boston defeated Oakland 7-2 and Washington whipped New York 4-2.

Brooks Robinson tagged a pair of homers for the Orioles but Baltimore didn't beat the White Sox until the 12th when Fred Valentine led off with a triple and then stroled home following two intentional walks and one unintentional one.

Chicago had tied the game with two out in the ninth and Pete Ward on first when Bill Voss was hit in the head by a pitch and Duane Josephson followed with a fractured right cheekbone.

But it was a different story each of the other four times he batted, especially the last two.

Coming to the plate in the seventh with Felipe Alou at first base, and the game tied 4-4, Aaron grounded a Frank Linzy pitch to shortstop Hal Lanier, who promptly turned it into a double play.

By the ninth inning the Braves were trailing 6-4, but they rallied and loaded the bases with one out on a walk to Mike Page and singles by Alou and Clete Boyer.

Up stepped Aaron needing only a single to tie the game. Instead he bounced back to Linzy, who flipped to Dick Dietz at the plate for one out, and Dietz fired to first for the final out.

In other NL games, St. Louis edged Los Angeles 3-2, Pittsburgh nipped New York 3-2 before losing 4-3, Philadelphia downed Chicago 7-4 after losing 6-2 and Cincinnati defeated Houston 7-4.

While Linzy was stalling Aaron's bat, the Braves couldn't do anything with Dietz. The Giant catcher drove in four runs with a two-run double in the first and a two-run homer in the seventh that snapped the 4-4 deadlock. Bobby Bonds contributed a two-run single to the Giants' attack.

Vike Shannon's two-run homer in the eighth broke a 1-1 tie and sent the league-leading Cardinals to their fourth straight

Score Of 122 Tops Pari-Mutuel At Country Club

A net score of 122 gave the team of Dick Knoll, John Chown, Wally Amntzen and Dave Schweitzer first place Thursday in the Escanaba Country Club's annual July 4 men's pari-mutuel golf tournament.

The winners' team's best two-ball score was 22 under the Country Club par of 144 for the 18-hole distance.

In second place with a net 128 was the team of Bill Eis Sr., Byron Zanella, Ralph Zenker, and Dr. K. F. Harrington, while a score of 130 by Dave Andrews, Ron Koth, Elmer Bonifas and Dick Ducheny finished third.

Don Feller paced the 64-man field with a two-over-par 74 on nines of 38 and 36. Dick Knoll had 39-37—76, while Dave Andrews, Mel Manske and Joan Chown each turned in 79's.

The club's annual Calcutta is scheduled July 20 and members may begin registering at the pro shop. The Calcutta auction will be held in the clubhouse Friday, July 19.

Tigers Celebrate July 4 By Banging Out 6 Homers

DETROIT (AP) — Detroit's hardhitting Tigers staged their own type of Fourth of July fireworks yesterday as they hit a club record tying six home runs while outlasting the California Angels 13-10.

The Tiger onslaught included three homers hit in a nine run second inning — biggest outburst this season by the American League leaders.

Both teams had their hitting shoes on, with 11 pitchers being cuffed about in the free swinging affair that saw the Angels and three circuit clouts of their own.

Norm Cash and Jim Northrup each hit a pair of home runs, with Willie Horton and Bill Freehan also hitting for the distance for the Tigers. Don Michner hit a pair for the Angels and Jim Fregosi added another.

The Tigers, whose hitting outburst enabled them to sweep a four game series from the Angels, hoped for more of the same tonight as they took on Oakland in the opener of a four game series. Mickey Lolich (6-4) got the call for Detroit with Jim Hunter (0-0) due to work for Oakland.

Detroit, which won the opening three games in pitching duels, unleashed its most devastating attack yesterday as it kept its American League lead intact, 8½ games ahead of second place Cleveland.

Bill Rigney's California club,

which had a rough time getting base hits in the opening three games, set the tempo for the holiday clash as it picked up four quick runs in the second inning, sending Tiger starter Joe Sparma to an early shower for the 10th game in a row.

The Tigers sent 14 men to bat in the big second inning, with Angels starting pitcher Sammy Ellis needing help from four relief pitchers before the uprising was put down.

Freehan, Cash and Horton all hit for the distance in the big second. The nine run outburst was a high for the season, topping the eight runs the Tigers

banged across April 16 in the fourth inning of a game with the Red Sox.

The slugging tempo did not ease off, as Cash and Northrup hit back to back homers in the sixth inning while Northrup added another in the eighth.

Detroit needed all its runs, for California, down 9-4 in the third, kept battling back. The Angels' last threat came in the ninth when Ed Kirkpatrick singled and scampered home on Fregosi's home run blast that ran his hitting streak to 14 games and made it a 13-10 game. John Hiller, fifth Tiger pitcher of the day, was rushed in and got the next three men to save the win for Dennis Ribant (2-1) who worked only two thirds of an inning. Tom Burgmeier (1-3) took the loss.

The six home runs that sailed out of Tiger stadium tied a club record, set in 1937 against St. Louis Browns and again in 1954 against the Philadelphia Athletics.

NFL Strike Reaches Wait-And-See Stage

By The Associated Press

The strike—if there is one—of the National Football League Players Association now has reached the wait-and-see stage. "Nobody is on strike now," veteran tackle Alex Karras said in Detroit.

"We won't know until Sunday when San Francisco goes into camp if there's a strike at all.

"All of the players will be on strike if there is no settlement before next week."

John Gordy, president of the Players Association, is maintaining official silence, but scores of players have said they received telegrams from him ordering them not to report until negotiations can be worked out with the owners.

The only official comment since the break-up of a meeting between player representatives and an owners group last weekend came from Art Modell, NFL president.

He said the players had rejected the owner's offer, particularly in the area of improved pension benefits. They apparently agreed on most, if not all, other points.

San Francisco has the first camp opening—for rookies Sunday. Rookies are not members of the Players Association.

Nineteen veteran members of the 49ers, including Howard Mudd, Bruce Bosley, Ken Wilard and Joe Cerne, said they would not report at that time.

Veterans were scheduled to report the following week.

Detroit opens its rookie camp July 9, with Detroit and Green Bay scheduled the following day.

San Francisco owner Lou Spadia, however, said he did not think a strike would take place.

Richer Takes Feature Race

A Wednesday night crowd of 2,800 watched Jerry Richer of Schaffer pace the modified drivers and four different drivers shared the honors for sportsman in racing action at the U.P. Fairgrounds in Escanaba.

Richer captured the third heat and the 40 lap feature. In the feature, Richer lapped all but one of the cars that completed the race. Numerous wrecks, collisions, and spinouts resulted in 3 restarts before the feature finally got under way.

Picking up wins for the first time this year in the modified division were Fred Horrocks of Gwinn, Homer Ansell of Milwaukee, and Dave Hosking of Escanaba.

Jim Beauchamp of Kingsford was a double winner to pace the sportsman. He captured the first heat and then nosed out Joe Haferkorn of Norway in the semi-feature.

Jerry Bichel of Nadeau and John Nelson of Escanaba captured heat wins for sportsman. 18 cars started in the 30 lap feature for sportsman and Ron Paquette of Kingsford passed Duke Gardiner of Escanaba halfway through the race and pulled away for the victory.

Modified:
First heat, 1. Horrocks, 2. Dave Boileau, Esc., 3. Dennis Harris, Gladstone.
Second heat, 1. Ansell, 2. Ed Provo, Esc., 3. Bob Derouin, Esc.

Rotary Sets New LL Scoring Mark

sweeps its final two games next week against Bankers and the Lions' they take home the 1968 league championship.

Meanwhile, Rotary set a new league scoring record as they scored at will against five Credit Union pitchers for a 26 C. U. victory behind Jim Nevalla's two hit pitching, Nevala, Rotary's bellweather, sporting a modest .460 average to lead the league in batting also established a modern day pitching record in picking up his seventh win of the season.

Credit Union opened the week's play when they scored an unearned run after two were out in the final inning to give Brian Douglas a 1 to 0 victory over Exchange's Tom Peterson. The Bankers came right back in the night cap to win an extra inning 1 to 0 win over Kiwanis. Dave Nelson and Jim Moberg were hooked up in a scoreless pitchers battle before relievers Jim Anderson and John Hirm came on to finish up.

The Eagles after battling back from a five run deficit Tuesday for a 6-6 tie against VFW settled for a night, but out lasted the Lions Thursday 13 to 11. Only the bat boy and the umpire were around when the Eagles rapped out five straight hits to take a four run lead in the top of the twelfth inning which ties the league record for extra innings. Mike Cvenegros picked up the win for the Eagles while Kelly O'Connell was tagged with the loss.

The Escanaba Jaycee 1968 tournament team will be announced this week and practice will begin Tuesday night following the regular scheduled game with John Chylek in charge.

"Fuzzy" Thurston Retires Thursday

GREEN BAY, Wis. (AP) — Fred "Fuzzy" Thurston, believed to have played on more National Football League championship teams than any other man, announced his retirement from the Green Bay Packers Thursday.

Thurston, a 33-year-old offensive guard played with five Green Bay title teams and once with the Baltimore Colts.

Thurston was a member of the Packers' 1956, 1957, 1958, 1959, 1960 and 1961 championship teams.

Thurston was drafted by the Packers in 1954 and played for them for 10 years.

Patterson Gets 3rd Title Shot

STOCKHOLM, Sweden (AP) — Floyd Patterson gets a chance in September to become a heavyweight boxing champion for the third time.

The New Yorker signed Thursday to meet Jimmy Ellis of Louisville, Ky., Sept. 14 for the World Boxing Association version of the heavyweight title.

The fight will be held in the 52,000-seat Raasunda soccer stadium with Ellis defending the WBA crown he won last April by defeating Jerry Quarry in Los Angeles.

That was the final of the WBA elimination tourney to determine a successor to Cassius Clay.

Clay was stripped of title recognition by the WBA and the New York Athletic Commission when he refused military induction into the U.S. Armed Forces.

Joe Frazier of Philadelphia is recognized as champion, however, by New York, Illinois, Pennsylvania, Massachusetts and Maine.

Edwin Ahlqvist, Swedish promoter who will co-promote the fight with Sports Action, Inc., of New York, said he expected a sellout for the Ellis-Patterson bout at Prices ranging from \$5 to \$80.

Patterson, who has fought in Sweden several times, is very popular here. He will receive 20 per cent of the gate with Ellis guaranteed \$125,000 or 44 per cent, whichever is higher.

Harold Conrad, vice president of Sports Action, who came here several days ago to arrange the financial details, said the fight will be beamed to the United States by satellite and shown on home television by ABC-TV.

When Rocky Marciano retired more than a decade ago, Patterson and Archie Moore were paired for the heavyweight title, and regained the crown from Ingemar Johansson of Sweden, then lost it to Sonny Liston.

Now 33, Patterson has a record of 46-6-1. Ellis, 28, has won 26 of 31 bouts.

325 Candidates In Judge Races

LANSING (AP) — Michigan's new 150 - judge District Court system drew 325 candidates before Tuesday's judicial election filing deadline, which also revealed a total of seven contenders for three new appeals court seats.
Some 27 would - be circuit judges also filed petitions of candidacy, seeking nine available positions.
The field in each category will be narrowed in the Aug. 6 primary election before voters pick the final winners on non-partisan ballots Nov. 5.
The new district court judgeships — each paying a guaranteed \$18,000 a year, with local units authorized to add up to another \$9,500 — were created by the Lower Court Reorganization bill signed by Gov. George Romney June 17.
The District Court system replaces justices of the peace, circuit court commissioners and most municipal judges.
Candidate filings for seats on the \$32,500 - a - year State Court of Appeals brought no surprises, and ensured that a primary runoff will be necessary in only one of the statewide court's three districts.
The 3rd District, incorporating the 66 counties of western and northern Michigan, including the Upper Peninsula, features a race between Kent County Circuit Judge Stuart Hoffur and former State Rep. Thomas M. Burns.

The field in each category will be narrowed in the Aug. 6 primary election before voters pick the final winners on non-partisan ballots Nov. 5.

Test Computer In Diagnosis Of Need For Auto Repairs

NEW YORK (AP)—A computer that helps find out what's wrong with an automobile is being tested by Mobil Oil Corp. and International Business Machines Corp.
An experimental computerized automotive diagnostic system developed by IBM is being operated at Mobil's car repair center in East Meadow, N.Y.
The system is built around a computer that links much of the center's test equipment.
The companies said Monday the system could spot within minutes any of more than 100 conditions that could make a car unsafe or uneconomical to drive.
The computer monitors the car's performance from electrical and mechanical measurements sensed by diagnostic instruments. These are compared with the factory specifications stored in a memory bank. The bank contains complete information on every American car manufactured during the past 10 years.
The computer then prints a form telling the motorists what repairs are needed, what parts need replacing, what the parts cost, and what the cost of labor should be.

Kincheloe Fliers Shift To Griffiss Base In New York

SAULT STE. MARIE (AP) — The Public Information Office at Kincheloe Air Force Base near Sault Ste. Marie says the F-106 squadron at the base will move to Griffiss Air Force Base and Rome, N. Y.
It says earlier plans to move the Squadron to Wurtsmith AFB, at Oscoda, have been canceled.
A spokesman says the move to New York is being made because the F-101 Fighter Wing at Griffiss is being phased out. The move from Kincheloe is expected to take place sometime this summer.
Officials say the movement in no way affects the original scheduled closing of Kincheloe, Oct. 1, 1970.

Hand Is Mangled By Cherry Bomb

DENVER, Colo. (AP) — A man's right hand was mangled Wednesday when he picked up a cherry bomb someone threw into his moving car.
Police said W. J. Lowder, 71, of Denver, was driving on Interstate 70 when the cherry bomb was thrown. It exploded when Lowder picked it up.
He was reported in satisfactory condition in Denver General Hospital.

In Memoriam

Sylvester

In loving memory of our beloved mother, Lydia Mae Sylvester, who passed away four years ago today, July 5, 1964.
When child we see on Mother's knee,
Fond memories wander back to me.
And from them we recall of youth that symbol of goodness, love and truth.
Our Mother,
Whose hands were those that we would hold
When troubles we must need unfold,
Whose lips at night when, off to bed,
Would plant sweet kisses on our heads?
And now a grave beneath a tree,
Bears her name and (Rest in Peace).
Then we stand and bow our heads to pray for our beloved dead.
Our Mother,
Life here is short and this we know,
Life here is short and this we know,
That when we later, we all must go.
Then, in that haven of rest we'll meet
Sweet One so dear, so kind, so true.
Our Mother.
Sadly missed by her children,
grandchildren, and great grandchildren

Maki

In memory of my dear husband, Laurie Maki who passed away one year ago July 4, 1967.
He did no one a last farewell,
He said goodbye to none.
His loving heart had ceased to beat,
Before we knew it, he was gone.
Every day we grieve his loss,
Deeply we feel our loss.
Lonely we are without him,
Help us, God, to bear our cross.

Sadly Missed by wife Helen Sister and Relatives

TURNING OUT EAGLE SCOUTS is getting to be a habit with Scoutmaster Delbert Lorenson of Troop 466 of Gladstone. James Davis, son of Mr. and Mrs. Edward Davis, 1226 Montana Ave., left, was the seventh scout of Lorenson's troop to receive Scouting's highest honor recently at a troop court of honor. Troop 466 has produced more Eagle Scouts than any other unit in the Red Buck district in the past two years. Also advanced at the court of honor were Tim Bai to Life Scout and Mike Jondrow and Ray Menard to Star Scout. (Delta Studio Photo)

Vandalized Float Wins First Prize

ARLINGTON HEIGHTS, Ill. (AP) — There were charred gaps in the chicken wire and paper-mache float depicting the Iwo Jima flag raising and the globe calling for world peace was blackened by the flames of the fire set by vandals.

The July Fourth parade judges noted the signs tacked to the damaged float: "Where was your child at 12:50 last night? Could he have burned this American flag and float?"

Bob Lierman, his wife, and 20 teen-agers worked late Wednesday finishing the float. After the vandals struck, Mrs. Lierman said, "We were heartbroken but our neighbors urged us to enter it in the parade anyway."

The judges awarded the Lierman float first prize.
